# Holly Cookies

1. Line 2 large baking sheets with wax paper; grease *lightly* with butter, then set sheets aside.
2. In a large pot or Dutch oven, add the butter.
3. Melt the butter over low heat, then add the marshmallows; stirring constantly until melted completely.
4. Remove from heat, and add the vanilla extract and food coloring; stirring until blended together well.
5. Gently, but quickly, fold in corn flakes carefully. This is easier if done in portions.
6. Drop mixture, one heaping tablespoon at a time onto the wax paper; spacing them at least 1-inch apart, then decorate each with 2-3 candies quickly.
7. Allow cookies to set on the wax paper for a few hours, so they will harden.
8. To store cookies, place them in an air tight container with a lid.
