# WHAT RESIDENTS NEED TO KNOW ABOUT CURBSIDE ON-CALL COLLECTION

Residents have a new option in Town regarding collection of their Household Hazardous Waste (HHW). The option of dropping off materials at the Plano Road location will remain for our residents; The Town of Highland Park, in partnership with Dallas County and Stericycle is offering Town residents a *new, on-call curbside collection* for HHW. This service is offered to Town residents for \$160.00 per collection, which will show on the next month's water bill. Curbside Collection can be scheduled 24-hours in advance by calling 214-521-4161. Place your items in an open cardboard box, with a list of items included at your parkway curbside. The Town's website has an easy form to use. [www.hptx.org/HHW](http://www.hptx.org/HHW)
